

District has 9 Winners to Directors College

By John Hohl
DVP – Chorus Director Development

Mid-Atlantic is thrilled to have nine winners of scholarships for Directors College 2002. The “college” is a week-long school in St. Joseph, MO., and is the premiere director training program the Society has to offer. The Society scholarships are awarded only to front line directors and first-time attendees whereas the M-AD winners may also be assistant directors.

We had a total of 15 M-AD entries for the scholarships. The Society, with the support of grant money from Harmony Foundation, awarded a total of 50 grants. M-AD received 6 of those grants through a random drawing. M-AD also funded and awarded three additional scholarships to bring us to a total of nine winners. That’s just outstanding!

Join me in congratulating the following winners:
